

PSLAM 139

Am Em F G

Did you know you were sought and known,

Before you sat or rose

And He knew your secret thoughts

Before you even spoke

F G Am F G Am

Cradled in His love, hemmed in from below and above

His hand was upon you

F G Am G

So where could you go, where could you run

From His presence

If you make your bed in the depths

Or rest in the heavens

If you settle in the furthest seas

Or rise on the wings of dawn

Even there He will guide you

He'll be holding on (He will hold on)

You were loved little one (do you know you were loved)

Even hid in your mothers womb

Unformed, yet your days ordained

Before you even moved

So wonderfully made, you will see when you awake

How many are His thoughts for you

How precious are His thoughts for you

F G Am G

Oh if the the darkness hides you

If light fades into night

This darkness is as light to Him

As bright as full day light
